Landing at Vizag Airport?

All commercial flights now use **Alluri Sitarama Raju International Airport, Bhogapuram**. Do not travel to the former city airport. Follow this sequence after landing to travel safely and smoothly into Visakhapatnam city.

Airport to Vizag: first check your CAHOTECH transfer instruction.

If a dedicated CAHOTECH shuttle has been assigned to your flight/arrival cluster, report to the event helpdesk or meeting point before choosing another mode of transport.

After you land - follow these 4 steps

1

Collect your baggage

Complete baggage collection and exit into the arrivals area. Keep your mobile switched on and reachable.

2

Check CAHOTECH instructions

Look for the CAHOTECH helpdesk/volunteer meeting point or the latest official delegate logistics message.

3

Confirm your destination

Know your hotel or Vizag drop location before boarding. This helps the helpdesk assign the right vehicle or public-bus corridor.

4

Board only the confirmed option

If your flight is delayed or your shuttle is missed, inform the logistics team and use the advised backup option.

Choose your transport into Vizag

CAHOTECH Shuttle

Preferred when your flight has a dedicated transfer allocation. Follow the communicated reporting point and vehicle assignment.

Siripuram	Rs 350*
RTC / Railway Station	~Rs 300**
Scindia / Kancharapalem	Rs 400*
Old Gajuwaka	Rs 400*

Most CAHOTECH visitors staying in central Vizag:
ASR-2 is usually the more useful corridor because it serves Siripuram, the central bus/railway area and the Rushikonda/IT side.

Travel-time planning:
Allow roughly **90-120 minutes** for an Aero Express journey between central Vizag and the airport. Traffic and intermediate stops can increase this.

Fare note: *Published launch-stage fare reference; normally used as a one-way stage guide. **A roughly Rs 300 central-Vizag fare was separately reported at launch. Reconfirm the exact fare and stopping point on the day of travel.

Service launch information: APSRTC regional-manager statements reported 16-17 August 2026.

CAHOTECH'26 DELEGATE TRAVEL GUIDE - PART 3

Vizag to the Airport

For your return journey, plan backwards from the flight departure time. Bhogapuram is significantly farther from central Vizag than the former city airport.

RETURN TRAVEL
PLAN EARLY
Keep traffic & stops in mind

Do not use your old Vizag-airport travel buffer.

For a domestic flight, aim to be at Bhogapuram about 2 hours before departure; for international travel, about 3 hours before departure. Add the full road journey on top of this.

T - 4 hr

A practical starting point for many **domestic** departures when using public airport transport from central Vizag.

T - 2 hr

Target airport arrival for a typical domestic departure, subject to airline guidance.

T - 5 hr

Consider this range for many **international** departures if travelling from central Vizag by bus.

T - 3 hr

Target airport arrival for an international departure, subject to airline guidance.

Step 1 - check your CAHOTECH return shuttle

If a CAHOTECH shuttle is allocated

- Follow the final reporting time and pickup location shared by the logistics team.
- Reach the pickup point before the reporting time with all baggage.
- Inform the team immediately if your flight number or departure time changes.
- Do not switch to another shuttle without notifying the coordinator.

If travelling independently

- Use ASR-2 from Siripuram / central Vizag / IT Hills side.
- Use ASR-1 from NAD / Gurudwara / Zoo Park / Gajuwaka side.
- Confirm the exact bus time at your chosen boarding point and leave additional buffer for the full airport journey.
- For a time-critical flight, keep a cab/taxi fallback available.

Step 2 - choose the correct Aero Express corridor

ASR-1 - Highway / NAD corridor

- Old Gajuwaka - Rs 400*
- NAD Junction - Rs 350*
- Gurudwara - Rs 300*
- Zoo Park - Rs 250*
- Marikavalasa - Rs 200*
- Anandapuram - Rs 150*
- Tagarapuvalasa - Rs 100*

ASR-2 - Central city / IT corridor

- Old Gajuwaka / Scindia - Rs 400*
- Siripuram - Rs 350*
- ISKCON Temple - Rs 300*
- IT Hills / Rushikonda - Rs 250*
- Marikavalasa - Rs 200*
- Anandapuram - Rs 150*
- Tagarapuvalasa - Rs 100*

DELEGATE SUPPORT
Airport & city logistics

Final shuttle times and contact numbers will be shared through the official CAHOTECH logistics communication.

Please rely on the final event message for your assigned shuttle, pickup point, reporting time, vehicle number and coordinator contact.

Before arriving in Vizag

Please do

- Share your final flight number, date and scheduled arrival time.
- Share the hotel/drop destination requested by the logistics team.
- Keep your phone active after landing.
- Inform the team immediately if your flight changes or is cancelled.
- Keep baggage identifiable; group luggage can delay bus loading.

Please avoid

- Do not assume the old Visakhapatnam airport is still in use.
- Do not leave the airport in another vehicle if your shuttle is holding for you without informing the team.
- Do not rely on a generic 30-minute bus frequency for a time-critical flight.
- Do not wait until departure day to communicate a changed flight.
- Do not board a bus without confirming that it serves your destination corridor.

If your flight is delayed / shuttle is missed

On arrival

- Contact the CAHOTECH logistics coordinator after landing.
- Proceed to the designated helpdesk/meeting point, if operational.
- The team may direct you to a later event shuttle, Aero Express or a cab/taxi.
- Do not assume another CAHOTECH vehicle has spare capacity without confirmation.

On departure

- If you miss an event shuttle, immediately assess whether waiting for another bus is safe for your flight.
- For tight timings, shift to a direct cab/taxi rather than risk the flight.
- Tell the coordinator when you make alternate arrangements so the vehicle is not held unnecessarily.
- Recheck the airline terminal/reporting guidance before leaving the city.

Quick reference

CENTRAL VIZAG / SIRIPURAM	NAD / GURUDWARA	TIME-CRITICAL / LATE ARRIVAL
ASR-2	**ASR-1**	**Cab backup recommended**

Information basis: Public launch information for APSRTC Aero Express routes, fares, approximately 30-minute frequency and general 4:30 AM-10:30 PM operating window was reported on 16-17 August 2026, including statements attributed to APSRTC Visakhapatnam Regional Manager B. Appala Naidu. Because the airport service is new, exact stop times, fares and vehicle allocations can change. **Reconfirm before travel.**
